The Accrual Summary includes patient registrations for SWOG coordinated trials as well as those credited to SWOG institutions for non-SWOG coordinated trials. Patients being screened for a study are counted only if they register for a subsequent clinical trial (screen failures are not counted in general accrual numbers).

In the following tables, trials are broken down by various factors including Funding Source and Study Type.

- Studies indicated as "Other Funding" are studies which are not sponsored by NCTN or NCORP.
- Studies listed with Study Type of "Other" includes those primarily under the NCORP Research Base program.

Registrations to studies for which SWOG no longer has an active disease committee and are not championed by a SWOG committee are grouped under "Non-SWOG Committees" (e.g. Brain, Sarcoma, Gynecology and Head and Neck).

Disclosing, copying, distributing, or taking any action in reliance on the contents of this information is strictly prohibited.
