

# Acceso a Reportes de Calidad de Datos para Estudios SWOG

*Guía para Sitios Clínicos*

Fecha: 26 de enero de 2026

# Propósito de esta guía

- Esta guía explica cómo los sitios clínicos pueden acceder a los **reportes de calidad de datos** de sus estudios SWOG a través del **ORP (CRA) Workbench**.

# Paso 1: Cómo acceder al ORP (CRA) Workbench

- **Opción 1:** Ingresar a [swog.org](https://swog.org) e iniciar sesión con sus credenciales de **ID.me**.
- **Opción 2 (Acceso directo):** Ingresar directamente al ORP Workbench mediante el siguiente enlace:  
<https://txwb.crab.org/TXWB/Default.aspx>

(Si utiliza esta segunda opción, puede pasar directamente al Paso 4.)

# Paso 2: Autenticarse con ID.me

- Si el sistema lo solicita, hacer clic en el **botón verde** para ingresar sus credenciales de ID.me.
- Es posible que el sistema solicite la autenticación más de una vez; **esto es normal**.

# Paso 3: Acceder a los reportes de calidad de datos

- En el menú del lado izquierdo, seleccionar “**Patient Reports / Data Quality**”.
- Elegir el reporte que desea visualizar.

# Descripción de los principales reportes de calidad de datos

- EXPECTATIONS: Reporte que ayuda con el manejo de datos. Incluye datos atrasados o que se debería enviar en las próximas semanas.
- INSTITUTIONAL PERFORMANCE REPORT: Resumen del envío de formularios y otros datos (p. ej., biomuestras) a tiempo.
- QUERIES: Reporte de las solicitudes pendientes relacionadas con el envío previo de datos.
- DATA QUALITY PORTAL: Otra herramienta en el CTSU que incluye pendientes de otros grupos (importante para estudios como BR009, A012303, EA4232, etc.).

# Guía con imágenes: a continuación....

# 1) Ingreso a SWOG con ID.me.

The screenshot shows the SWOG homepage with a dark blue header. The header features the SWOG logo (a stylized 'S' icon followed by the word 'SWOG' and 'CANCER RESEARCH NETWORK'), a search bar, and navigation links for About, The SWOG Network, News & Events, Clinical Trials, Workbenches, Member Resources, and For Patients. Below the header is a large banner image of a woman with curly hair smiling. Overlaid on the banner is the text 'Public Powered Cancer Research'. At the bottom left of the banner, there is a 'Today' section with three circular icons: '39 enrolling trials', '1,348 member sites', and '245,294 patients enrolled'. A small callout box identifies the woman as 'Allison Caban-Holt, PhD, Chair, SWOG Recruitment & Retention Committee'. The footer of the page includes the SWOG logo and navigation links for About, The SWOG Network, News & Events, Clinical Trials, Workbenches, Member Resources, and For Patients.

## 2) Acceso al “ORP (CRA) Workbench”.

The screenshot shows the SWOG website homepage. At the top, there is a dark blue header bar with the SWOG logo and the text "CANCER RESEARCH NETWORK". Below the header, a navigation menu includes links for "About", "The SWOG Network", "News & Events", "Clinical Trials", "Workbenches" (which is highlighted with a teal arrow pointing to it), "Member Resources", and "For Patients". A search bar is located in the top right corner of the header. The main content area features a large image of a smiling woman with curly hair, identified as Alison Caban-Holt, PhD, Chair of the SWOG Recruitment & Retention Committee. To the left of the image, the text "Public Powered Cancer Research" is displayed. Below this, a section titled "Today" provides statistics: "39 enrolling trials", "1,348 member sites", and "245,294 patients enrolled".

3) Es posible que el Sistema solicite que ingrese sus datos de ID.me de nuevo para ir a la página de ORP (CRA) Workbench.

The screenshot shows the SWOG ORP (CRA) Workbench login page. At the top, there is a navigation bar with links for About, The SWOG Network, News & Events, Clinical Trials, Workbenches, Member Resources, and a Directory icon. Below the navigation bar, the URL is shown as SWOG / Workbenches / ORP (CRA) Workbench. A message at the top of the page reads: "This Web site is live; any form submissions or registrations must be real." A large teal arrow points to the "Sign in with ID.me" button, which is highlighted with a green background and white text. Below this button, there is a link for users who are not onboarded to ID.me. Further down, there is a "Warning Notice" section with a detailed explanation of the notice requirements for public-facing web pages. At the bottom of the page, there are links for ID.me Help Center, Manage ID.me Email, Manage ID.me Password, and Contact CTEP Registration Help.

## 4) Navegación a “Patient Reports/Data Quality” del menu a la izquierda y selección del reporte que desea visualizar.

🕒

The SWOG Clinical Trials Workbench is your resource headquarters for SWOG clinical trial patient management. Your access to the Workbench is controlled by your role in the system. If you have questions about your role or how to use the Workbench, please contact the SWOG Clinical Trials Workbench Support Team at [workbench@swog.org](mailto:workbench@swog.org).

**Announcements**

**Fall Group Meeting Presentations**

Recordings from the Fall, 2025 Site Operations, Oishi Symposium and NCORP Workshop (among many others) have been uploaded to the SWOG website. If you were unable to attend or would like to revisit, they can be found here. [10/16/2025]

[Fall 2025 Group Meeting Recordings | SWOG](#)

**CTP Chapter Added to ORP Manual**

The ORP Manual has been updated to include details in how CTP trials are different, how to access CRAB Nebula (the EDC), instructions in how to navigate the EDC and how SAE reporting is done. Take the time to read through this addition, especially if you are planning to activate one or more of these trials at your site! [10/16/2025]

**SWOG's Second CTP Trial Activated! – 21CTPHN01**

SWOG's first CTP trial activated on May 15, 2025 – 21CTP.LEUK01. Since then, we have activated the second trial on September 15, 2025 – 21CTP.NH01 (A Phase II Study of Combined Amivantamab, Carboplatin and Paclitaxel in Unresectable Locally Recurrent or Metastatic Head and Neck Cancer). [10/16/2025]

All SWOG sites are invited to consider and apply. Questions? Reach out to [protocols@swogctp.org](mailto:protocols@swogctp.org)  
<https://swogctp.org/trials/21ctphn01/>

**Early Closure Requests for SWOG-Coordinated Trials**

Please note when a SWOG trial closes to accrual or if you have met the follow-up requirements for patients enrolled to a trial, it does not necessarily mean you can submit a request to close the study early with the CIRB. SWOG requires studies to remain open until the study has been published and added to SWOG's Studies with no Required F/U report on the CRA Workbench. If the study has been added to that report, there is no need to submit an official form to us requesting to close. Just provide that list to the CIRB along with your part of the form filled out and they should go ahead and approve. [6/1/2025]

Patient Reports / Data Quality

- Rave Data Submission
- Specimen Tracking
- CTP Registration and Data Submission
- SWOG QA / Audits / Monitoring
- SWOG Best Practices
- Tools
- Resources
- CRA Manual (for Oncology Research Professionals)
- Patient Reports / Data Quality
- Expectations
- Institution Performance Review (IPR)
- Queries (both Rave and pre-Rave SWOG studies)
- Ineligible Patients
- Patients in Follow-up
- Data Quality Portal (DQP) for Rave studies
- Study Reports
- Patient Management (Non-Rave Studies)
- Training
- Contact Us

# ¿Preguntas sobre la información en los reportes?

- Envíe su consulta al correo de distribución que sale en el protocolo para consultas sobre la elegibilidad y envío de datos (estos correos terminan en @crab.org).
  - No se recomienda enviar correos directamente al coordinador de datos del estudio, ya que esto puede generar retrasos si el coordinador no está en la oficina.

Ahora tiene acceso y control sobre sus reportes de calidad de datos.

¡Éxito en su trabajo!
