SWOG S0777 Study Design

Progression-Free Survival By Assigned Treatment Arm

S0777 Timeline

Cathy Rankin, Oishi Symposium, Spring 2017

SWOG SDMC Personnel

- **Original Study Team**

- Statisticians
 - Rachael Sexton
 - Antje Hoering
- DCs
 - Jeri Jardine

- **Additional Staff for Celgene Collaboration – Core Team**

- PM
 - Sarah Basse
- Statistician:
 - Cathy Rankin
- DM – senior professional
 - Evonne Lackey
- DCs
 - Jeri Jardine
 - Laura Kingsbury
- Project Assistant
 - Sam Dzingle

What happened since then?

- In Numbers

- **Since April 2017**

- Queries posted **2660**
- Number of patients re-consented: **220**
- Number of monitoring visits: **81**
- Number of monitoring days: **238**

- **Since April 2016**

- New CRFs submitted: **3056**
- Queries posted **9364**
- Number of monitoring visits: **242**
- Number of monitoring days: **1032**

And now?

- **We (YOU!) did it!**
- **Final data set and casebooks submitted to Celgene: September 2017**
- **FDA submission planned: January 2018**
- **Myeloma patients world-wide will hopefully have access to additional treatment choices.**

THANK YOU!
