

SWOG Cancer Research Network Laboratory Status As of December 1, 2020

Status of the SWOG Biorepository at Nationwide Children’s Hospital
and other SWOG Protocol-Specific Repositories and Laboratories.

This list will be updated as new information becomes available by the SWOG Statistics and Data Management Center

**Most labs will be closed on Christmas and New Year’s Day.*

*NeoGenomics will be open, but with minimal staff working the first half of each day. We recommend avoiding sample delivery on these days to prevent processing delays**
