

## SPECIMEN GUIDANCE DURING COVID PANDEMIC

Active SWOG Protocols

As of April 20, 2021

Admin	Study	Timepoint(s)	Specimen Type	Critical Level 1=High, 2= Medium, 3=low	Shipping
BREAST	S1207-1	Progression	TISSUE - Blocks	2 - secondary endpoints	Can be shipped AMBIENT at a later date.
BREAST	S1416-1	Progression	BLOOD - Streck tubes	2 - secondary/TM endpoints	Ship AMBIENT overnight same day as collection
BREAST	S1418-1	Baseline	TISSUE - PD-L1 evaluation	1 - eligibility	Ship AMBIENT overnight same day as collection
	S1418-2	Baseline, recurrence	TISSUE - block/slides	3 - banking only	Can be shipped AMBIENT at a later date.
		Baseline, Weeks 13, 55, Recurrence	BLOOD - red top tube	3 - banking only	Ship AMBIENT overnight same day as collection
		Baseline, Weeks 13, 55, Recurrence	BLOOD - Streck tube	3 - banking only	Ship overnight same day as collection
	S1706-1	Baseline	TISSUE - diagnostic or surgical specimen	3 - banking only	Can be shipped AMBIENT at a later date.
		Pre-treatment, End of Treatment, 1st FU post-treatment, 1-year Follow-Up	BLOOD - Streck, K2EDTA tubes	3 - banking only	Ship AMBIENT overnight same day as collection
		Recurrence	TISSUE - diagnostic or surgical specimen	3 - banking only	Can be shipped AMBIENT at a later date.
BREAST	S2007	Baseline	TISSUE - block/slides	3 - banking only	Can be shipped AMBIENT at a later date.
ERLYTX	S1609-1	Baseline	TISSUE - blocks/slides	2 - secondary endpoint	Can be shipped AMBIENT at a later date.
		Baseline	BLOOD - 4 ml EDTA + plastic SST	2 - secondary endpoints	Can be shipped FROZEN at a later date.
		Baseline	BLOOD - 9ml EDTA	2 - secondary endpoints	Ship REFRIGERATED overnight same day as collection
		Baseline	BLOOD - 2x2 tempus	3 - banking	Can be shipped FROZEN at a later date.
		Baseline	BLOOD - 5ml EDTA	3 - banking	Ship REFRIGERATED overnight same day as collection
		Cycle 2; Progression	BLOOD - plastic SST	2 - secondary endpoints	Can be shipped FROZEN at a later date.
		Cycle 2; Progression	BLOOD - 9ml EDTA	2 - secondary endpoints	Ship REFRIGERATED overnight same day as collection
		Cycle 2; Progression	BLOOD - 2x2 tempus	3 - banking	Can be shipped FROZEN at a later date.
GI	S1613-1	Baseline	TISSUE - FFPE/slides for HER-2 testing	1 - eligibility and primary endpoint	Ship overnight same day as collection
	S1613-2	Baseline	PLASMA	3 - banking only	Can be shipped FROZEN at a later date
		Baseline	TISSUE - FFPE/slides	3 - banking only	Can be shipped AMBIENT at a later date
		Cycle 2; Restagings; Off Tx	PLASMA	3 - banking only	Can be shipped FROZEN at a later date
	S1613-3	Baseline	PLASMA	3 - banking only	Can be shipped FROZEN at a later date

## SPECIMEN GUIDANCE DURING COVID PANDEMIC

Active SWOG Protocols

As of April 20, 2021

Admin	Study	Timepoint(s)	Specimen Type	Critical Level 1=High, 2= Medium, 3=low	Shipping
	S1613-3	Cycle 2; Restagings; Off Tx	PLASMA	3 - banking only	Can be shipped FROZEN at a later date
GI	S1815-1	Baseline	TISSUE - FFPE	3 - banking only	Can be shipped AMBIENT at a later date
		Baseline; On tx every 9 weeks; Off Tx	BLOOD - Streck tubes	3 - banking only	Ship overnight same day as collection
GI	S1922-1	Baseline	Tissue - FFPE/slides	3 - banking only	Can be shipped AMBIENT at a later date
		Baseline; C1D15; C3D1	BLOOD - Streck tubes	3 - banking only	Ship overnight same day as collection
GI	S2001-1	Baseline; Progression	TISSUE - FFPE/slides	3 - banking only	Can be shipped AMBIENT at a later date
		Baseline; C4D1; Off Tx	BLOOD - Streck tubes	3 - banking only	Ship overnight same day as collection
GU	S1216	Progression	PLASMA	3 – banking only	Can be shipped FROZEN at a later date.
		Progression	BLOOD - CellSave, EDTA	3 – banking only	Ship overnight same day as collection.
GU	S1500-1	Cycles 2, 3; Progression	PLASMA, BUFFY , SERUM	3 - banking only	Can be shipped FROZEN at a later date.
GU	S1602-1	Baseline	BLOOD - PAXgene, EDTA tubes	2 – secondary endpoints	Ship overnight same day as collection.
		Baseline	TISSUE -block/unstained slides	2 – secondary endpoints	Can be shipped AMBIENT at a later date.
		Baseline	TISSUE - H&E slides	1 – primary endpoint	Can be shipped AMBIENT at a later date.
		Weeks 1, 3, 6 induction	SERUM, URINE	2 – secondary endpoints	Can be shipped FROZEN at a later date.
GU	S1605-1	Baseline	TISSUE – H&E	1 – primary endpoint	Can be shipped AMBIENT at a later date.
		Baseline	BLOOD - Na-Citrate tube; URINE	2 – secondary endpoints	Can be shipped FROZEN at a later date.
		Baseline	TISSUE - TURBT	2 – secondary endpoints	Scrolls and unstained slides need to be sectioned as close to shipment date as possible; can be shipped at a later date.
		Baseline	BLOOD-TruCulture	2 – secondary endpoints	Immediate local processing needed but can be frozen after processing prior to shipping to bank.
		Cycles 1, 2, 3, 5 (Day 1)	BLOOD - cryovials with SMART reagent	2 – secondary endpoints	Can be shipped FROZEN at a later date.
		Cycles 5, 9, 17 and Week 73	URINE	2 – secondary endpoints	Can be shipped FROZEN at a later date.
		Week 13, Week 25	Cytology	1 – primary endpoint	Can be shipped AMBIENT at a later date.
		Week 25 - mandatory biopsy	TISSUE - H&E slides	1 – primary endpoint	Can be shipped AMBIENT at a later date.
		Week 25 - mandatory biopsy	TISSUE - scrolls, unstained slides	2 – secondary endpoints	Can be shipped AMBIENT at a later date.
		At high-grade recurrence	TISSUE - H&E slides	1 - primary endpoint	Can be shipped AMBIENT at a later date.
GU	S1802-1	Baseline	BLOOD – RareCyte, Streck, PAXgene	2 – secondary endpoints	Ship overnight same day as collection.
		Baseline	BLOOD – purple top EDTA	3 – banking only	Ship overnight same day as collection.

## SPECIMEN GUIDANCE DURING COVID PANDEMIC

Active SWOG Protocols

As of April 20, 2021

Admin	Study	Timepoint(s)	Specimen Type	Critical Level 1=High, 2= Medium, 3=low	Shipping
		Baseline	TISSUE – primary, metastatic	3 – banking only	Can be shipped AMBIENT at a later date.
	S1802-2	Baseline, Month 3, Progression	BLOOD – RareCyte, Streck, PAXgene	2 – secondary endpoints	Ship overnight same day as collection.
		Post Radical Prostatectomy	TISSUE – Prostate, seminal vesicle, positive lymph nodes	3 – banking only	Can be shipped AMBIENT at a later date.
		Progression	TISSUE – Primary tissue	3 – banking only	Can be shipped AMBIENT at a later date.
GU	S1806-2	Baseline	BLOOD – Streck, EDTA lavender top tube	2 – secondary endpoints	Ship overnight same day as collection.
		Baseline	TISSUE – TURBT	2 – secondary endpoints	Sectioned as close to shipment date as possible; can be shipped at a later date.
		Baseline	URINE	3 – banking only	Can be shipped FROZEN at a later date.
		Baseline; Cycle 2 Day 1	BLOOD-TruCulture	2 – secondary endpoints	Immediate local processing needed but can be frozen after processing prior to shipping to bank
		Week 18 assessment	BLOOD – Streck, EDTA lavender top tube	2 – secondary endpoints	Ship overnight same day as collection.
		Week 18 assessment	TISSUE – H&E	1 – primary endpoint	Can be shipped AMBIENT at a later date.
		Week 18 assessment	TISSUE- unstained slides/block	2 – secondary endpoint	Sectioned as close to shipment date as possible; can be shipped at a later date
		Week 18 assessment	URINE	3 – banking only	Can be shipped FROZEN at a later date.
GU	S1931-1	Baseline	BLOOD –2 x SST Serum	3 – banking only	Can be shipped FROZEN at a later date.
		Baseline	BLOOD – 2 x purple top EDTA	3 – banking only	Can be shipped FROZEN at a later date.
		Baseline	TISSUE – primary, metastatic	3 – banking only	Can be shipped AMBIENT at a later date.
	S1931-2	Baseline, Week 12	BLOOD –2 x SST Serum	3 – banking only	Can be shipped FROZEN at a later date.
		Baseline, Week 12	BLOOD – 2 x purple top EDTA	3 – banking only	Can be shipped FROZEN at a later date.
		Post Nephrectomy	TISSUE – Primary renal tumor	3 – banking only	Can be shipped AMBIENT at a later date.
	1937-1	Baseline	TISSUE - primary	3 - banking only	Can be shipped AMBIENT at a later date.
		Baseline	BLOOD - EDTA lavender top tube	3 - banking only	Ship overnight same day as collection.
		Baseline	BUFFY	3 - banking only	Can be shipped FROZEN at a later date.
		Baseline; Cycle 3 Day 1; Progression	PLASMA	3 - banking only	Can be shipped FROZEN at a later date.
		Baseline; Cycle 3 Day 1; Progression	URINE	3 - banking only	Can be shipped FROZEN at a later date.

## SPECIMEN GUIDANCE DURING COVID PANDEMIC

Active SWOG Protocols

As of April 20, 2021

Admin	Study	Timepoint(s)	Specimen Type	Critical Level 1=High, 2= Medium, 3=low	Shipping
LEUK	S1318-1	Baseline; Induction cycle 1 day 28 or 56; reinduction day 35 of cycles 1 or 2	Bone Marrow biopsy (core, plug, Wood Lab)	2 - secondary endpoint	Ship overnight same day as collection
		Baseline; Induction cycle 1 day 28 or 56; reinduction day 35 of cycles 1 or 2	Bone marrow aspirate (Wood Lab)	2 - secondary endpoint	Ship overnight same day as collection
		Baseline; Induction cycle 1 day 28 or 56; reinduction day 35 of cycles 1 or 2	Bone marrow aspirate (Nationwide)	3 - banking only	Ship overnight same day as collection
		Baseline; Induction cycle 1 day 28 or 56; reinduction day 35 of cycles 1 or 2	BLOOD - purple top EDTA tube (Nationwide)	3 - banking only	Ship overnight same day as collection
		Prior to starting blina; Day 36, w/in 30 days last blina	SERUM (LabConnect)	2 - secondary endpoint	Can be shipped FROZEN at a later date.
LEUK	S1612-1	Baseline	BLOOD - purple top/EDTA, Bone marrow (FLT3 testing)	1 - eligibility/primary endpoint	Ship overnight same day as collection
		Baseline, cycles 3 and 5	BLOOD -purple top/EDTA, Bone marrow (Nationwide)	3 - banking only	Ship overnight same day as collection
LEUK	S1712-1	Baseline, all post-baseline samples	BLOOD	3 - banking only	Ship overnight same day as collection
LEUK	S1905-1	Baseline; After CR; Q 2 cycles until MRD negative; pre-transplant; at relapse	Bone marrow (BLOOD if dry tap) (Radich)	3 - banking only	Ship AMBIENT overnight same day as collection
LEUK	S1925-1	Pre-tx, Cycle 7, 12; 15 months after tx start; Every 6 months starting 21 months after tx start until 99 months or relapse	Blood (ARUP lab)	2 - secondary endpoint	Ship AMBIENT overnight same day as collection
		15 months after tx start	Bone marrow aspirate (ARUP lab)	2 - secondary endpoint	Ship AMBIENT overnight same day as collection
		Pre-registration	Buccal swab (Nationwide)	3 - banking only	Ambient
		Pre-tx, 15 months after tx start, relapse	Bone marrow aspirate (Nationwide)	3 - banking only	Ship AMBIENT overnight same day as collection
		Patients on tx: Pre-tx, Cycle 7, 12;; 15 months after tx start; every 6 months starting at month 21 until 99 months or relapse; relapse. Delayed arm before starting tx: every 6 months after registration until tx start.	BLOOD - purple top EDTA tube (Nationwide)	3 - banking only	Ship AMBIENT overnight same day as collection
