Nicholas J. Vogelzang, MD, GU Symposium
Translational Medicine in GU Clinical Trials

Thursday, April 4 | 7:30-10:00 am PT | Columbia D

Honoring the many valuable contributions Dr. Vogelzang made in support of his colleagues and patients throughout his career within SWOG’s research network.

7:30-7:50
Introduction, welcome, and current standards for SWOG Translational Medicine protocols

David McConkey, PhD
Greenberg Bladder Cancer Institute, Johns Hopkins University

7:50-8:05
The role of the biostatistician in TM projects

Cathy M. Tangen, DrPH
SWOG Cancer Research Network & Fred Hutchinson Cancer Center

8:05-8:25 Virtual
Core Correlative Science Committee and the NCI

Elise C. Kohn, MD
Cancer Therapy and Evaluation Program, National Cancer Institute

8:25-8:40
Nationwide- what is the “bank” and how do we collaborate

Yvonne Moyer, MBA
Nationwide Children’s Hospital

8:40-8:55 Q&A (15 min)

8:55-9:10
Industry partnerships

Artera

9:10-9:25
Funding the TM research

Amir Goldkorn, MD
USC Norris Comprehensive Cancer Center

9:25-9:45
Models of success in SWOG

Philip C. Mack, PhD
Mount Sinai Health System

9:45-10:00
Q&A, Working discussion- what’s next? (15 min)

David McConkey, PhD
Joshua J. Meeks, MD, PhD
Northwestern University
